Wayne Williams – Co. of San Diego

1. Introductions & Announcements: Website updated and looks good – Thanks Jennifer Arbuckle! Best Practices Meeting in Bay area. Renew CRRA Membership if have not done so.
2. Approve Minutes: Next time.
3. TC Business – Need a Working Conference /Workshop Sub Committee – Meeting Monday 2/23 at 11:00 a.m. for 1 hour.
4. Zero Waste Mixer & Workshop – Will wait for Judy to let us know how it went.
5. Recruitment Paragraph: Check on who to contact to have it changed for next year's membership drive.
6. Conference & Workshop Topics –

Workshop Steering Committee Members are Judy Ware, Wayne Williams and Olivia Sanchez – also Lori Marra and Marianne Bithell.

Theme Track Ideas (we have so far):

Green Building & C&D Ordinances to Achieve Zero Waste

C&D Materials Recycling and Markets – what are the materials, what can be reused, where to assure recycling, cities that are successful in this process, etc.

New Green Building (Bldg.) Guidelines for 2010 and the New 2008 Energy Code

All this will be addressed in sub-committee.

#### 7. Mixed C&D Loads

How to be assured they are recycled – infrastructure supports facilities that jurisdiction can regulate and give guidelines. Can achieve zero waste if focus on this. Permit process is connected - list of facilities on counter handed out when picked up. General guidelines are needed to give city and county staff to help each jurisdiction be in compliance with AB939 for recycling C&D via building permit process. Some cities already have in place.

- General consensus: 1. Give self hauler guidelines for recycling C&D at facility by coordinating with those facilities/transfer stations/dumping facilities = equal the playing field by adding extra cost for self haul? 2. Address C&D recycling during permit process so all are required to follow guidelines or ordinances.

8. Next Meeting Date and Time: March 9, 2009 at 10:00 a.m.

9. Adjourn
