Richard S. Gordon
Assemblyman, Twenty-Fourth District
State Capitol
Sacramento, California 94249-0024
Fax: 916-319-2124

Dear Assemblyman Gordon,

We appreciated the opportunity to speak briefly at your Select Committee on Waste Reduction and Recycling in 21st Century California hearing on August 18.

The thorough agenda you provided – exploring California's history of recycling, identifying where we are today and focusing on the future direction of recycling in California allowed all witnesses an opportunity to candidly share their perspectives, insights and recommendations for future legislative action.

Please know that the California Resource Recovery Association is supportive of the work of your Select Committee and stands ready to assist the Select Committee to promote further recycling and resource recovery in California.

Sincerely,

John H. Dane
Executive Director
California Resource Recovery Association

CRRA is California's state-wide recycling association. It is the oldest and one of the largest non-profit recycling organizations in the United States. A 501(c)(3) organization, CRRA is dedicated to achieving environmental sustainability in and beyond California through Zero Waste strategies including product stewardship, waste prevention, reuse, recycling and composting. CRRA advances local, regional and state-wide waste reduction efforts which result in critical environmental and climate protection outcomes. Our members represent all aspects of California's reduce-reuse-recycle-compost economy. They work for cities and counties, as well as hauling companies, material processors, non-profit organizations, state agencies, and in allied professions.
