**Re: Governor's Budget Proposal to Increase Beverage Container Recycling
Revenue Through Increased Audit Coverage – Support**

StopWaste

Dear Senator/Assembly Member

USAgain

CRRA supports CalRecycle's Budget Change Proposal to "Increase Beverage
Container Recycling Revenue Through Increased Audit Coverage."
CalRecycle has documented the success of past audits, and has indicated
that they typically collect three-to-four times as much revenue as the cost
of the audit, making these audits a worthwhile activity. Furthermore, the
implementation of regular audits is a sound governance practice, and
should be supported on that basis alone.

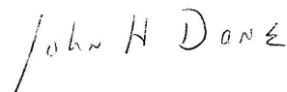

*The views expressed in this
letter do not necessarily
represent those of the
Sponsors listed above.*

We urge the committee to accept this budget change proposal.

Sincerely,

Tracie Onstad Bills, President

John H. Dane, CAE, Executive Director

CRRA is California's state-wide recycling association. It is the oldest and one of the largest non-profit recycling organizations in the United States. A 501(c)(3) organization, CRRA is dedicated to achieving environmental sustainability in and beyond California through Zero Waste strategies including product stewardship, waste prevention, reuse, recycling and composting. CRRA advances local, regional and state-wide waste reduction efforts which result in critical environmental and climate protection outcomes. Our members represent all aspects of California's reduce-reuse-recycle-compost economy. They work for cities and counties, as well as hauling companies, material processors, non-profit organizations, state agencies, and in allied professions.
